OPIUM:-

Opium is a highly addictive narcotic drug acquired in the dried latex form from the opium poppy (*Papaver somniferum*) seed pod. Traditionally the unripened pod is slit open and the sap seeps out and dries on the outer surface of the pod. The resulting yellow-brown latex, which is scraped off from the pod, is bitter in taste and contains varying amounts of alkaloids such as morphine, codeine, thebaine and papaverine. After purifying process we will get 300 grams of Heroin from 5 KGs Opium which costs about 20 Lakhs in the open market.
