Brief History of accused:-

The accused Mantri Shankar, who is born and brought up in Chilkalaguda area of Hyderabad city is a notorious/habitual house burglar. Involved in **more than 250 cases** of house burglaries, he was the most wanted offender during the recent period in the Commissionerates of Hyderabad and Rachakonda. Released during the last week of October, 2017, he went on a spree of committing house burglaries during nights along with his associate Obaid, a Rowdy Sheeter of Kalapather P.S and committed (11) house burglaries by night in Hyderabad and Rachakonda Commissionerates along with his associate Obaid and also made attempts to commit offences in several houses. Obaid dropped him on Motorcycle in the locality selected and kept watch

of the surroundings, while Shankar completed the task of committing theft.

A known face among police personnel and other criminals, the offender frequently shifted his places of stay during his stay outside to avoid being recognised and being caught. He travelled extensively from one place to other along with his associate and never took chance of staying at a single place for all these days. This time, during his stay in Hyderabad he selected densely populated areas in Old city and took every precaution from being caught. His associate Obaid provided him shelter in the houses of his relatives. During the stay in such shelters, during the day time he locked the main gates of the houses from inside and took shelter over the terrace of the buildings and watched the movement of police personnel and also restricted the unnecessary movement of insiders by keeping the key with him.

A master in lock breakings, it takes only 3 seconds for him to break the locks of the houses. When he was 20 years old, he was first arrested in a theft case on 12.12.1979. After his release he was again arrested when he disposed stolen property. This time he came in contact with the then CDCs of Chatrinaka P.S namely Nagireddy @ Dongli, Birender Singh, Deepak Saxena and Nagulu, who taught him to break locks by using a rod. From then he became a professional and continued commission of offences.

Generally he commits offences in between 1 A.M to 4 A.M. Once he enters any locality for commission of offence, to avoid police he moves from one house to other house in the locality by crossing over the compound walls of the houses and checks for locked houses. If he does not find locked houses in a lane (row of houses), he crosses the road and moves to other lane in the locality. During this cross over, he takes precaution from being exposed/noticed and takes the cover of darkness

and trees. After commission of offence, he waits over the terrace of the buildings till the morning walkers come out and move out of the locality under their cover.

He changes his attire according to the locality he selects for committing offences. Earlier he committed offences by moving in a car and kept his attire matched to that of any other professional by wearing tie and shoes.

With the stolen property, he leads lavish life with his girl friends and buys branded clothes and leads luxurious life. A father of six children, he has three wives (one expired out of the three). At present co-habiting with another lady.

He generally commits offences under the limits of Bowenpally, Begumpet, Marredpally, Karkhana and Osmania University Police Stations as he has fair knowledge about the topography of the area.
