

REJOINDER

Recruitment, Promotions and Transfers of officers and personnel in the organization are done by following the laid down procedure giving due consideration to administrative convenience and with an objective of maintaining high efficiency and quality in our service delivery.

Monitoring of the conduct of all commercial and entertainment establishments including Pubs & Restaurants is being consistently done by multiple agencies within the Police, to have mutual checks and verification. In this regard, all transgressions are inevitably pointed-out and any dereliction shown by responsible staff is immediately corrected. All the Pubs and Entertainment establishments within the City are getting closed at the designated timings and even minor deviations in this regard are also being minutely checked.

Thus, the claims and allegations made in the newsreport published in the telugu language daily ఆంధ్రజ్యోతి under the caption పబ్ లకు బాంధవుడు – పోలీసులకు సైంధవుడు are far from truth and they appear to have been based on surmises and presumptions rather than on actual facts.

In view of the above, it is requested that the rejoinder aforementioned be published in your daily by giving it the same prominent place as the original news report, so as to give us a fair and reasonable opportunity to bring the actual facts to the notice of your readers.

Commissioner of Police,
Hyderabad city
