**PRESS NOTE**

**UPDATE CORRECT PHONE NUMBER IN RTA DATABASE USING WEBSITE OF  
TELANGANA TRANSPORT DEPARTMENT**

Telangana State Police have adopted integrated e-challan application to streamline enforcement of traffic rules in the state. It is a less-interference, cashless process to promote self-discipline, self-compliance among the citizens.

As part of this system, whenever any e-challan is booked against a vehicle, an SMS alert is automatically sent to the phone number linked to the owner of the vehicle as per the RTA (Transport Department) database. This helps the public in scrutinizing the challan by analyzing the evidence. But, due to various reasons, large number of vehicles in the state have not updated with the correct and valid phone numbers of the respective owners of the vehicles. This is creating huge problems both to public and police as SMS are not reaching the correct persons.

In this regard as per the request of Police department the Transport department has made certain modifications in the Transport department website <http://www.transport.telangana.gov.in> for updating the mobile numbers of vehicle owners and also blocked further transactions of the vehicle owners in the CFST, until the vehicle owners update their correct mobile number. In this regard Hyderabad traffic police has also kept a link of transport department website to facilitate updating of correct phone numbers by the owners of vehicles. Please check our tweet dated 28-08-2020 on our @hydtp twitter handle and facebook page.

All the vehicle owners are requested to utilise the opportunity to upload their present cell phone number in the website <http://www.transport.telangana.gov.in> for traffic alert and for time to time updates of different services by Traffic police and Transport departments.

Addl. Commissioner of Police,  
Traffic, Hyderabad.
