

## **Press Note on Annual Round Up-2018**

It gives me immense pleasure to congratulate each and every member of Hyderabad City Police, who were made untiring and dedicated contribution by rising to the occasion at every moment.

I am delighted to place it on record that despite severe challenges and continuous events including Telangana State General Elections 2018, State formation day celebrations, Legislative Assembly Sessions, VVIP visits of H.E. President and Vice President of India, apart from regular mammoth festive events like Vinayaka Chathurthi, Hanuman Jayathi, Sri Ram Navami, Sankranti, Holi, Dassera, Deepavali, Ramzan, Milad-Un-Nabi, Christmas and State festival Bathukamma, the Hyderabad City Police worked relentlessly and made these events incident free and maintained harmony which needs a great applause.

It is another feather of success in the cap of Hyderabad City Police to announce that the core policing remained at centre focus to achieve 6% of reduction in overall crime during the year 2018. The property crimes decreased by 20.5% and the property recovery in grave crimes attained 92%. The crime against women also declined recording 38% in dowry deaths, kidnapping by 12%, outrage of modesty by 7%. The response time to the complaints is considerably minimized through intensified patrolling and strategic police pickets. The travel time decreased as the speed of motor cars increased from 18kms to 25kms/hr and fatal accidents decreased by 2%. Detection of major and sensational cases like theft of an antique Tiffin Box of diamonds worth Rs. 50 Crores from Nizam's Museum, female baby kidnap from maternity hospital, Koti, seizure of about 29 Crore rupees during general elections, increased conviction rate of 34%, life conviction of 31 persons in 25 cases, are only few achievements to quote. The successful strategies like initiation of PD Act against notorious and repeated offenders, constant surveillance through criminal tracking system, cordon search operations, community CCTV installations, integrated traffic management system and the able leadership of each wing, paid great dividends. I will be failing in my duty, if I do not acknowledge that the driving force behind our success is the vision and commitment of our beloved and Hon'ble Chief Minister, TS, Sri K. Chandra Sekhar Rao to build safer Hyderabad City, meeting International standards.

The Hyderabad City Police achieved international recognition and bagged SMART CITY AWARD and e-GOVERNANCE AWARD during year 2018 and become a model hub to the country with its police techno gadgetry and applications as part of smart policing. Different International dignitaries from Cambridge University, United Kingdom, US Consulate General and Srilanka visited Hyderabad City Police. The Commissioner of Police visited New York Police head quarters.

The year 2019 has a herculean task ahead. We have a three pronged approach: Achieving real time information through convergence with major stake holders including courts, FSL etc., to the police station level, Enhancing citizen friendly and community participation and Building the capacities of city police officers to be smart and tactical, so as to build the trust amongst the public and to reach their expectations.

I thank the government, elected & public representatives, religious leaders, community based organizations, print and electronic media and senior officers including Sri M. Mahendar Reddy, IPS, DGP Telangana for their encouragement, guidance and support in this endeavour.

I wish and exhort each and every member of Hyderabad City Police to continue their efforts in achieving the ambitious goals set for the year 2019 and urge the policy makers and public at large to cooperate and contribute similar support.

### **Achievements in Crime Reduction**

<b>Nature of Crime</b>	<b>2017</b>	<b>2018</b>	<b>% of Reduction</b>
Reported Cases	16140	15215	6 %
Grave Property Crime	203	176	13 %
